

Yachtswomen have sights on Olympics

AFTER Matric at the end of this year two Springbok yachtswomen — Dale Hudson, 17, of Newlands and her crew, Dominique Provoyeur, also 17, of Table View — will head for the United States and the pre-Olympic yachting circuit.

The young women will leave for Miami in January where they will take part in the first major regatta of the pre-Olympic sailing season. They will spend about six months sailing in various parts of America during the summer season in an attempt to build up an international rating.

The girls will practise in their own 470 yacht which they hope to get soon.

They have both recently returned from a successful world yachting championship in Marathon in Greece.
