## With the wind in their sails

THE Lipton Challenge Cup trophy is heading to Durban after the Royal Natal Yacht Club's team won the most prestigious sailing event in South Africa.

Sailing on Orion B2G2, the five crew members were victorious by the slightest of mar-

gins, with a one point difference between them and the Royal Cape Yacht Club.

It has been 39 years since the oldest yacht club in the country has won South Africa's most competitive sailing trophy, and the tenth time in the history of the 121-year-old regatta that

they have had the honour of bringing the cup back home.

"The guys sailed magnificently and were consistent throughout the week.

"This is the most emotional I have been in years," said Richard Crockett, Commodore of the Royal Natal Yacht Club.
