Prominent sponsor in yachting

The local branch of Allied Bank was once again prominent in the sporting arena by sponsoring one of the first events on the new sailing

calendar of the Mossel Bay Yacht Club.

This time Allied sponsored the single handed race which

was a great success.

The race was contested by five skippers and their yachts and such was the degree of competition that a mere 24 sec-

onds separated the first and second place.

A first place floating trophy and other minor prizes were donated by Allied Bank.
