Margerethe to sail in France

10/5/1994 VISTA

A COMMITTEE member of the Flamingo Yacht Club in Welkom, Mrs Margerethe Lloyd, has been selected for the SA women's team to participate in an international sailing event in France later this year.

The club has been in existence for 49 years and has produced many yachtsmen and yachtswomen who have competed in international events.

It has excellent facilities which are available to the public for social activities, sail training for juniors and seniors, and is available as a venue for functions.

The incoming committee members will be spending much of their time on a membership drive during the year. Mrs Lloyd will be involved with the advertising and public relations of the club.
